

# SPAY THE BAY

## VACCINE CLINIC REQUEST FORM: FELINE

	<b>VACCINE</b>	<b>FEE</b>
<input type="checkbox"/>	<b>Core Vaccine - FVRCP (Panleukopenia, Upper Respiratory)</b> <i>This core vaccination is a must for every cat and is considered a core vaccine. This means that, because panleukopenia (also known as feline distemper) is a serious, highly contagious disease with a high death rate, all cats should be protected. This vaccine also protects against other airborne viruses that cause respiratory infections.</i>	\$15
<input type="checkbox"/>	<b>Rabies</b> <i>California has seen cases of rabies in both domestic and wild animals and remains a rabies endemic state. All dogs are required by California law to have a rabies vaccine and it is highly recommended for cats.</i>	\$15
<input type="checkbox"/>	<b>Dewormer Treatment</b> <i>Roundworms and tapeworms are common and can cause gastrointestinal problems. Cats should receive deworming treatments as part of general wellness.</i>	\$20
<input type="checkbox"/>	<b>FIV/FeLV Combo Test</b> <i>A test for feline immunodeficiency virus (FIV) and feline leukemia (FeLV). FIV can compromise a cat's immune system and leave them vulnerable to other diseases and illness. FeLV is a contagious disease that results in death.</i>	\$20
<input type="checkbox"/>	<b>Flea Prevention</b> <i>Monthly flea prevention is critical to prevent infestations and minimize disease and/or skin conditions caused by the common flea.</i>	One (1) Month - Single Dose, based on weight: \$15-20 Six (6) Month Supply, based on weight: \$80-90

### 2020 Clinic Dates:
